Sterling's Mission :

Through research and testing, bring
together strong durable light materials
and quality design.

He simply gives his customers the best.

Why buy a Sterling Built Kayak?

Designed, Quality Controlled and Built at the
Owner's Shop, Sterling Donalson.

1. Strong-Lite lay-ups are a proprietary lay-up
which delivers: Kayaks 10% to 15% lighter
than competitors. Eco friendly bagging of
quality materials producing optimum
strength and lightweights!!!
2. "Skeel" new skeg proprietary designed and
built (aft central retractable skeg with kink
free cable design.)
3. Ergonomic coaming w/padded thigh braces
4. Custom fitted Joe Greenley seat- comfort
5. Internally attached foot braces-no leaking
6. Lightweight beveled bulkheads
7. Proprietary inside/outside seam joint
8. Large Sea Dog Hatches
9. Recessed deck fittings
10. Watertight inspection
11. lift handles
12. perimeter ropes and bungees
13. paddle float arrangement
14. Sea Dog quick adjust foot pedals

This list of standard features is unrivaled in the
industry yet the real reason that experienced
paddlers are choosing these kayaks is their
performance trials by the very best paddlers
the industry has to offer, to become

The Best Kayaks in Wind, Chop, Surf, Weather
or a relaxing day in calm waters.
